Mary Holman

Mary Jacobs, CPM

Darryn Jones

Al Marquiss

Raymond Sachs, M.D.

Mistie Weishaar

THE YEAR IN REVIEW

Advance's unique approach is relational, not transactional. We believe it's not our place to tell people what they need – our job is to listen and respond. That's why we create safe spaces to collaborate with the communities we serve, working with trusted local partners and providing dignified, culturally-appropriate care, so that everyone we serve knows that they are a valued member of the Advance community.

COMMUNITY DEVELOPMENT

Over **52,000** individuals benefitted from community development programs internationally (including access to clean water, safe housing, health & nutrition education, and agricultural development).

HEALTH EDUCATION

12,704 people in Phoenix participated in nutrition, disease prevention, and oral health classes taught by Advance's Community Health Educators in Arizona.

NUTRITION PROGRAMS

9,590 healthy meals were delivered to seniors in low-income housing in Phoenix.

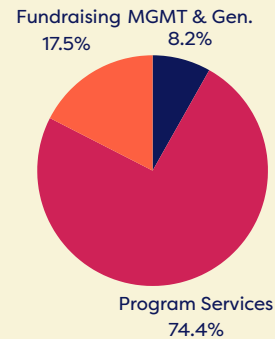

MEDICAL CARE

International surgical missions transformed over **5,000** lives.

FINANCES

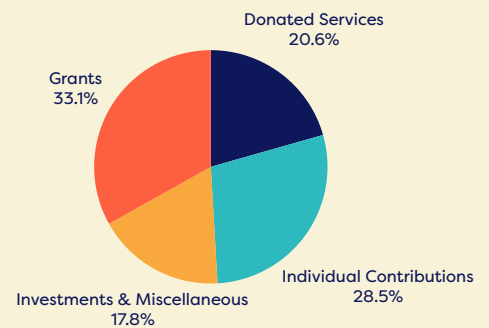

EXPENSES

Fundraising	\$542,988
Program Services	\$2,310,552
Management & General Operations	\$254,027

FUNDING SUMMARY
